What do Students say about this workshop?

I had the pleasure of attending the masterclass workshop and it was an incredible experience. The workshop was led by highly skilled and experienced shoemakers who walked us through the entire process of crafting beautiful pair of shoes from start to finish, while also educating us on the business and brand aspects of shoemaking.

I would highly recommend this workshop to anyone interested in learning about shoemaking or wanting to start a shoemaking business

Yinka Adeoye (2020)

Student,
University of Ibadan, Ibadan

What I loved most about the workshop was the hands-on approach, which allowed us to engage with the material and develop our skills.

I learned about the art and craft of shoemaking alongside helpful tips on starting a personal shoemaking business.

I would recommend this masterclass workshop to anyone interested in learning about the shoemaking craft.
